

FAIZAL AHAMED J

Python Developer | Django Developer | REST API Developer | Immediate Joiner

Chennai, TN | +91 8973192780 | faizalahamedj331@gmail.com

<https://faizalsportfolio.vercel.app> | <https://linkedin.com/in/faizal-ahamed-j-a1a89a346> | <https://github.com/FaizalahamedJ-331>

PROFESSIONAL SUMMARY

B.E. Computer Science graduate (CGPA 8.7/10) with hands-on internship experience building and deploying scalable web applications. Proficient in Django ORM, CRUD API design, JWT authentication, role-based access control, and production deployment. Shipped 2 full-stack projects using Django REST Framework and React.js. Strong in API integration, debugging, and query optimization. Seeking Python Developer, Django Developer, or Backend Developer roles in Chennai.

KEY ACHIEVEMENTS

- Developed and deployed 2 production-ready full-stack applications using Django and React.js — live and functional.
- Improved MySQL database performance by 40% through schema redesign and query optimization across 2 projects.
- Built and secured 100+ REST API endpoints with JWT authentication and role-based access control (RBAC).
- Designed a role-based platform for 200+ users with 3 permission levels, separate dashboards, and secure authentication.

TECHNICAL SKILLS

Languages: Python, JavaScript (ES6+)

Frontend: React.js, HTML5, CSS3, Bootstrap, Responsive Web Design

Backend: Django, Django REST Framework (DRF), RESTful APIs, CRUD APIs, JWT Authentication, RBAC, API Integration

Database: MySQL, SQLite — ORM, Joins, CRUD Operations, Query Optimization, Schema Design

DevOps & Tools: Docker, CI/CD, Git, GitHub, Postman, VS Code, Vercel, Production Deployment, Debugging

Testing: Unit Testing, PyTest, API Testing

Concepts: MVC/MVT Architecture, Authentication & Authorization, Scalable Systems, Agile Development, Generative AI

EXPERIENCE

Python Full Stack Developer — Intern | Besant Technologies, Chennai

Dec 2025 – May 2026

- Designed and deployed full-stack applications using Django (MVT architecture) and React.js; built reusable component libraries ensuring UI consistency.
- Built 100+ RESTful CRUD API endpoints with JWT authentication and granular role-based access control (RBAC); performed thorough API testing using Postman.
- Optimized MySQL queries and schema design using Django ORM, reducing server load and improving data retrieval performance by 40%.
- Integrated React.js frontend with DRF APIs for seamless real-time data flow; handled debugging and production deployment on Vercel.

Full Stack Developer — Intern | e-Soft IT Solutions, Tiruchirappalli

Jul 2025 – Aug 2025

- Built full-stack features using Python, Django, and React.js; applied REST API design, ORM-based database access, and Git version control workflow.
- Assisted in debugging Django backend modules and contributed to production-ready deployments.

PROJECTS

Student Project & Internship Tracking Platform | Python | Django | React.js | MySQL | JWT

GitHub: <https://github.com/faizalahamedj331-cmd/projectsx2>

- Role-based system for 200+ students and faculty — 3 permission levels, separate dashboards, secure login with JWT authentication.
- Built 30+ CRUD REST APIs with Django ORM; optimized MySQL schema reducing query execution time by 40%.

SmartCater — Catering Management System | Python | Django | React.js | MySQL | REST API

GitHub: <https://github.com/faizalahamedj331-cmd/smartcater>

- Catering booking platform handling 100+ daily orders; MySQL query optimization reduced data load time by 35% with real-time order tracking.
- API-driven Django backend integrated with responsive React.js frontend; deployed to production with full authentication flow.

EDUCATION

B.E. Computer Science Engineering | Indra Ganesan College of Engineering, Tiruchirappalli

2022 – 2026

CGPA: 8.7 / 10.0

Higher Secondary — Computer Science | St. James Matriculation Higher Secondary School

2020 – 2022

CERTIFICATIONS

- Full Stack Development** — e-Soft IT Solutions, Tiruchirappalli, 2025
- Generative AI** — Simplilearn SkillUp, 2025
- Frontend and React.js** — Besant Technologies Velachery, Chennai, 2025
- Python and SQL** — Besant Technologies Velachery, Chennai, 2025
